F_{t+1}

 $T_{\cdot} = 1 - \left(\frac{1}{2}\right)^{t} \left(1 - F_{O}\right)$

$$F_{t+1} = \frac{1}{2} + \frac{1}{2}F_t$$

$$F_t = 1 - \left(\frac{1}{2}\right)^t \left(1 - F_O\right)$$

Mixed Mating Systems
